

Outsourced Online Store

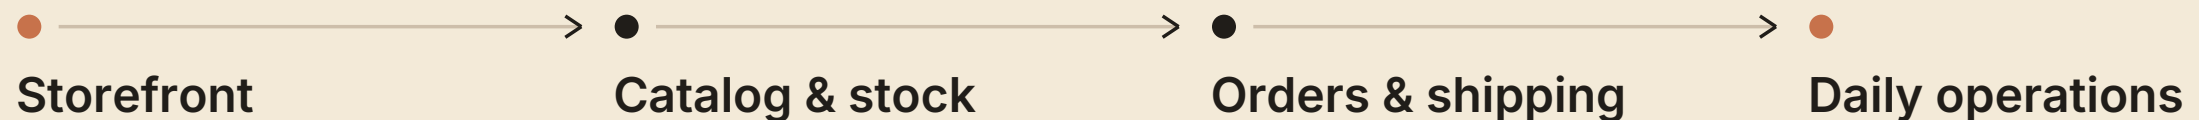

— From USD 500 · First stage

02

I build your online store or take over its day-to-day operation, keeping the storefront, catalog, orders and content connected.

HOW THE SYSTEM WORKS

Storefront & checkout

Design, mobile experience and the path to purchase.

Catalog & operations

Products, inventory, payments, delivery and marketplace connections.

Ongoing management

Listings, content, promotions, fixes and a monthly work report.

RELEVANT EXPERIENCE

Shopify, Amazon and eBay experience. Set up Amazon sales of birch plywood children's furniture for a private client.

Describe your task in your own words.
